BOUNTIES TO SOLDIERS. IMPORTANT LETTER FROM THE HON. THADDEUS STEVENS.

The following correspondence should be read by every citizen as well as soldier:

Citizen as well as soldier:

UNION COUNTY COMMITTEE ROOM,
LANCASTER Oct. 2, 1866.

The Hon. THADDEUS SINVENS—Dear Sir. The Copperheads have published panuphlets in which it is asserted that the colored mun is to get \$500 additional bounty, while the white man is to have but \$100—that the law equalizing bounties passed last session of Congress, makes this discrimination in favor of the colored soldier. This is also boildly asserted verbally, and some people believe it. One of their pampilets also contains what is said to be an extract from the Uvil Rights bill as follows:

Collows:

"The Civil Eights bill passed by Congress over the veto of the President imposes a fine not exceeding \$1,000 and imprisonment not exceeding one year, upon any white man who shall deprive any negro of the right of marring his daughter, or any wente the privilege of taking his son. Infamous as this may seem, yet it is a fact, and see dare any supporter of Summer, Sterens or Geary to deny it."

MARYLAND. COPPERHEAD CONGRESS NOMINATION. Special Disputch to The N. Y. Tribune,

Special Dispatch to The N. Y. Tribnue,
Baltimork, Oct. 3.—After a contest of eight hours today, the Democratic Convention on the 26th ballot nominated Frederick Stone of Charles County as the candidate
for Congress. The Convention refused to indorse Blair's
nomination by the Conservatives, and on the twentieth
ballot Henj, Harris's name was dropped. Stone was one
of the counsel for the Lincoln assassantstrs, always a Robel
sympathizer and a bitter opponent of emancipation. The
Democrats are of the opinion that Blair will withdraw.

THE REGISTRY LAW IN MARYLAND.

Reverdy Johnson and John B. Latrobe, esq., have furnished elaborate opinions open the application to Municipal elections, of the clause in the State Constitution making registration necessary to the right of voting They of course admit that it applies to State elections, but hold that the Constitution and the act providing for the appointment and duties of registers entirely over-looked municipal elections. Mr. Latrobe sums up as fol-My opinion, therefore, is that the municipal elections, being

My opinion, therefore, is that the municipal elections, being distinct from the State elections, are not subject to the registration act, but must take place as though that act had never passed. The fact, which I regard as beyond paradventure, that the purpose of the Legislature was to provide for the State elections only, and the fact, about which I am equally confident, that at he date of the inunicipal elections the lists of votors are still imperfect in the hands of the registers, permit use to come to no other conclusion.

It may be naided, that at the fast municipal election it was understood to be held that the registration act was not applicable because the registry was not complete—wanting, as it did the corrections which the original registers were then engaged in making. Instead of being in their hands now, it is in the hands of their successors incomplete soc as it was then. The same reason which prevented the net would, under any circumstances, be applicable, which I deny.

MASSACHUSETTS.

HOSTON, Oct 3.—The National Union men of Massachusetts held a State Convention in Faneuil Hall, and nominated Theodore H. Sweetzer of Lowell, a lawyer practicing in Boston, as candidate for Governor, together with a ticket for the other State offices composed entirely of names of gentlemen who have a military record. Resolutions were adopted indorsing the Administration, in favor of eight hours a legal day's work, and in favor of a license law for the sale of spirituous liquors. In the afternoon the Democratic State Convention was held in the same place and the ticket nominated by the National Union Convention was adopted.

THE BENOMINATION OF THE HON. JOHN A. GRISWOLD. THE RENOMINATION OF THE HON. JOHN A. GRESWOLD.

In his apsect hat the Republican Congress Convention held at Troy on the 25th ult. Mr. Griswold said that he fell particularly complimented by the action of the Union men of Washington County. By previous usage and understanding, the nomination belonged to that county, but it had generously conceded its claims, and although the nomination may have fallen upon an unworthy person, he knew that the Union men of that county had based their action upon what they considered to be best for the whole country, which they always placed high above all personal preferences or local interests. During the maxt 30 days, he hoped to visit the different localities of that county and speak to the people upon the issues before the country. If he should not fing them the Constitution at every railroad depot, or leave the flag with its 30 stars in every hamlet, he trusted they would think it was because he believed they already had a proper appreciation of the Constitution and suitable love and regard for the old flag with its 36 stars.

THE UNION REPUBLICAN MEETING AT CENTRE MARKET-

THE UNION REPUBLICAN MEETING AT CENTRE MARKETSQUARE, NEWARE, ON TURSDAY NIGHT.

Gen. Farnsworth addressed a v. Tlarge and enthusiastic
meeting of Union Republicans at Centre Market-square on
Tuesday evening. His address was received with frequent
ontbursts of applause. He reviewed the course of Andrew
Johnson from the time of his election upon the platform
that "treason should be made odious and traitors infamous," until he returned to Washington at the close of his
to-tuous pilgrimage to the tomb of Douglas; discussed
the Constitutional Amendments proposed by Congress,
and showed that it was absolutely necessary that a repudiation of the Rebel debt should be fixed in the organic
law. He spoke full two hours, and the large concourse
listened to him with great interest to the end.

INDIANA.

INDIANA.

PROPOSITION TO DEFRAUD INDIANA.

Ex-District Attorney John Hanna writes from Green-castle, Indiana, to The Indianapolis Journal, stating that his law partner, Robert E. Smith, has received a letter from's Kentucky, offering to send votors over to Indiana, in order to carry the border counties. Forewarned is forearmed: so it behooves all loyal men to see that such a diabolical scheme is not carried out.

BRICK POMKROY'S PUPILS.

As Gov. Morton of Indiana was on his way from Evansville to Vincennes, the train upon which he was on ran through a pile of cord wood—about half a cord—but which fortunately did not throw the train off the track. There is little doint but that the wood was placed on the track for the purpose of throwing off the extra train and killing Gov. Morton, but the fiends had made a miscalculation in the time, and were a little too late to effect their diabolical purpose. The mail train was heavy, and knocked the wood out of the way. When the mail train passed up yesterday morning, the wood had all been removed, and not a stick was to be seen. The wood had evidently been carried some distance, as the Company have no wood pile within a mile or two of that point. The Company, yesterday, issued bills offering a liberal reward for the detection of the secondards. No punishment yet devised would be equal to the demerit of the crime.

MISSOURI.

CONRESSIONAL NOMINATION. Geo. H. Hall the Conservative nominee for Congress for the the VIIth Missouri District, has declined. Geo. A. Hawley has been nominated in his stead.

GEO. FRANCIS TRAIN FOR CONGRESS.

The irrepressible Geo. Francis Train is running as an independent candidate for Congress, in Nebraska. His announcement in *The Omoha Herald* is in his usual style. He rens regardless of political issues—or anything else. There are two regular tickets in the field.

OREGON.

THE NEW SENATOR. THE NEW SENATOR.

H. W. Corbett, United States Senator elect from Oregon, is a wealthy merchant, residing and doing business in Portland, Oregon. He is a Radical Republican. He formerly resided in Cambridge, Washington County, N. Y., and went to Oregon with limited means in 1851. He is known as an honorable merchant and an upright man.

DENIAL OF GEN. WICKHAM.

Gen. Wickham, in a card to The Reckmond Whis, denies that he is the author of the letter read by John Minor Botts, at a political meeting in Paterson a few evenings ago. In so doing he concludes as follows: "I want no constitutional inhibitions, but I want the people to show those men who steared he ship out of a safe harbor upon ruinous breakers that they will hold them accountable for it; and if we are permitted quietly to manage our own affairs, ifirmly believe that their good sense will cause them to do so. For myself I accept fally and completely the results of the war. I am in favor of perfect and entire reconciliation—social and political. I regard the whole United States as my own country; and I will look with as much pride as in former days upon its growing grandeur; and above all I shall devote my whole energy to the resuscitation of the shattered fortunes of Virginia as one of the best means of increasing that grandeur. I shall labor most carnestly to restore to all the States overy legitimate, constitutional right of the States; in which restoration Massachusetts has the same future interest with Virginia, nor shall I allow all the clamor of these would-be Democratic leaders, to whose outcries I have long been accusted. cratic leaders, to whose outcres I have long been accus-tomed, to deter me from following such line of policy as in my opinion is best calculated to attain these ends."

MISSISSIPPI.

MISSISSIPPI.

A gentleman writes from Central Mississ ppi: Most people here praise Andy; yet there are many who have but little confidence in him. I heard one of our leading men, a man who was once a Federal Judge, and lacked only about 3,000 votes at one time of being Governor of this State, talking about Andrew Johnson, a few days ago. He said that Andy had let himself down very much in the tour through the West; he had damaged himself 50 per cent in that region; and another such tip would in the four through the West; he had damaged minsel 50 per cent in that region; and another such trip would finish him. He said he would rather take Mr. Greeley's policy than Mr. Johnson's. He saysthat if the "Niggers" were allowed to vote they would act with the South, and thus be an element of strength to the Southern people.

POLITICAL ITEMS.

POLITICAL ITEMS.

The Harrisburg Telegraph says:

We have it on good authority that the "old-line" Democrats of the weak kneed Bigier lik are writing to Mr. Senator Wallace to withdraw Moutgomery Blair from Pennsylvania, for the reason that "his assaults on ancient Democratic principles are doing Clymer much harm." This is ungrateful treatment, after Blair gave the Democratic party a President.

The Boston Transcript Says:

In view of the fact that the vote of one white man in South Carolina is equaled, by the President's plan, to two white men in this State, it is said that James I. Our now regrets that he did not enter the Philadelphia Convention with a Massachusetts man one either arm. Such an affecting symbolic representation of the purposes of the party would have drawn more than double the tears which greeted the affair as actually performed.

A Philadelphia paper says that Gen. George H. Thomas does not hesitate, in private conversation, to express his sentiments regarding the situation. He is opposed to the admission of Southern members of Congress until the late rebellious States adopt the Constitutional Amendment, and elect those only who are truly loyal men.

George Robinson, who a year and a half ago saved the George Robinson, who a year and a half ago saved the life of Secretary Seward, was one of the Vice-Presidents at the Pittsburgh Convention. Secretary Seward is now in full sympathy with the men who then endeavored to take his life.

A motion was made and carried to change the name of the Association from "Third Assembly District Association to "First Assembly District Fenton and Woodford Club," and that a committee of three be appointed to draft a series of resolutions. Mr. Van Riper delivered an able address, discussing the attuation and issues before the people, the vital importance of the principles contested with the President, not only as affecting the institutions of this country, but as an example to European nations of the real character of our Government. The right of reconstruction is said absolid be in the hands of the conquerces and not the conquered. After explaining the nature of the Civil Rights bill, and its misrepresentations, and the importance of the amendment regarding the national delts, he declared that the President shall neither be a dictator or have any policy but one which the people deaire. Before adjourning the meeting, the presiding officer, Mr. Thompson, made a stirring appeal to the Union men of the Dis-riet to organize in such manner as that on election day there should not be a single loyal voter whose ballot had not been cast for Fenton and Woodford. His remarks were frequently interrupted by cheers, and when he had concluded the meeting adjourned.

WASHINGTON.

The law of June 21, 1966, providing for the disposal of the public land in the Southern States for homestead settlement, is now being printed with instructions, and will in a few days be ready for transmission to the District officers in disposal of the public lands in the States of Alabama, Missis-apple Louisians, Arkansos and Florida, for Homestead sottlement only, according to the provisions of the original Home-stead Act of May 23, 1862, and amendatory act of March 21, 1864, but restricts each entry to 80 acres. In Mat. \$1.25 perc. or to quantity continues until the expiration of two years from the date of the act, and entries after that will be allowed as prounless otherwise ordered by Congress. In lies of the \$10 fee required by act of 1892 to be paid at the time of entry, \$5 must be paid when the patent issues. The bea-cits of the act are extended to all citizens at the United States. without distinction or discrimination as to race or color. The above provisions have special application to States, mentioned. while the second section of the act is of general application to all the States and Territories, and provides that until the first not embrace more than 80 acres at \$1.25 per acres. The provi-sions of the sets of 1962 and 1864, except as modified by the set of June 21, 1866, are made a part of the last mentioned act. INTERNAL REVENUE SOUTS.

The Attorney-General has decided against the right of the President to make all the cotton States one district for the Internal Revenue Department for the cotton interests alone.

ATTORNEY-GENERAL'S OFFICE, Sept. 29, 1866.

The Hon. Hugh McCrilloch, Secretary of the Treasury:

The Hon. Honn McCrillocu, Secretary of the Treasury:

Sir: I am in receipt of your letter of the 27th
squesting my opinion on the following point: "Whether the
aws imposing a tax on cotton and providing for its collection,
o restrict the executive authorities as to forbid the arranging
of the Cotton States into a single outloon district for the purpose
of collecting the tax on cotton, having reference to the cotton
ax only and without necessarily involving any change of disricts which may be most convenient for the collection of other
axes. I am chearly of opinion that such a consolidation of power to appoint a special Collector for the tax imposed on the particular article of cotton; nor could be designate any one of the District Collectors as the officer who should proceed throughout the catire cotton territory and collect the tax of that article wherever found. The missiblets of the present system complained of by the Chambers of Commerce of Mobils and New Orleans can only be remedied by Congress. The act of July 12, 1866, to which reference is made by the memorialist contains all the exceptional provisions as to the tax on cotton which Congress deemed to be necessary, and those provisions instead of giving authority to make the additional exception now requested, seem to me wholly inconsistent with it. I have the hand to be. Acc.
